U OF I DIRECT

Welcome To U OF I DIRECT Registration

When you use your Network ID and password to access **U OF I DIRECT** from personal computers at multiple locations on campus (or via dial-up with modem), you will be welcomed to **U OF I DIRECT** registration, followed by a request to verify your local address and the Main Menu of Options. You then select an option by pressing the appropriate key(s) on the keyboard.

A registration checklist and Schedule Planning Form, included in the *Timetable*, will help you develop your schedule before you log onto **U OF I DIRECT**.

You will be assigned a Registration Time based on the number of hours/units completed or in progress, according to campus policy. Through **U OF I DIRECT** you can:

- register and add/drop classes
- update your address and telephone information
- provide information on appointment/graduation status
- obtain a copy of your early registration schedule

Some classes are listed in the *Timetable* as "authorization only." Contact the department for approval before using the **U OF I DIRECT** system to register in one of these classes.

The **U OF I DIRECT** system will control for Registration Time; class size, academic program, maximum credit, advising hold (if applicable), and encumbrances. If an advising hold has been placed on your record, it must be removed before you can register. You should resolve all encumbrances as soon as possible. If you have an encumbrance on your record, access to **U OF I DIRECT** to register or to drop or add classes will be blocked approximately three weeks prior to the first day of instruction. **If you have an encumbrance on your record as of 5:00 PM the first day of instruction, your course registration for the term will be cancelled.** You can avoid having your course registration cancelled by resolving encumbrances..

Assistance using U of I Direct will be available at the Records Service Center, 901 W. Illinois Street, from 8:30 AM until 4:45 PM. If you need information or assistance using **U OF I DIRECT**, call 333-6565.

Introduction to the *Timetable*

The *Timetable* is the listing of course offerings for the term, and includes instructions on when, where, and how to register and drop and add classes; tuition and fees and billing information; academic calendar information; how to get a replacement ID card; etc. Therefore, please keep it for future reference. Updated information on course offerings is also available by checking *Timetable* course section information on the World Wide Web (http://www.uiuc.edu/admin_manual/Courses/time.top.html) and from college and departmental advisers.

While every effort is made to provide accurate and up-to-date information, the University reserves the right to change without notice statements in the *Timetable* concerning rules, policies, procedures, tuition, fees, curricula, courses, or other matters. All course registrations are accepted subject to enrollment conditions set by the offering departments. In addition, colleges and departments reserve the right to:

- impose enrollment requirements and prerequisites,
- reassign students to other sections in a course,
- withdraw students from certain courses or sections after enrollment,
- cancel course offerings or sections for legitimate educational reasons.

Students considering enrollment in military science, naval science, or air force aerospace studies courses should be aware that University policy prohibits discrimination on the basis of sexual orientation; students may enroll in these courses regardless of sexual orientation. As of the date of printing of this publication, students seeking to enroll in ROTC are not asked to disclose their sexual orientation. However, homosexual conduct is grounds for disenrollment from the program.

Student Responsibility

- You are responsible for knowing and adhering to the policies, deadlines, and procedures in the *Timetable*. Careful reading of the various sections of this booklet will help you avoid enrollment problems.
- **U OF I DIRECT is the UIUC system to register for courses by computer. When you do so, you agree to pay tuition and fees to the University according to the payment policies and schedules adopted by the Board of Trustees. If you wish to cancel your registration, and thus avoid payment of tuition and fees charges, you must do so by 5:00 PM of the first day of instruction.**

  Unauthorized use of University of Illinois computer systems, data, or resources; unauthorized use of another individual's identification, account, or password; or an attempt to gain unauthorized access is prohibited by University policy and may constitute a violation of Illinois state law.
- As an enrolled student, you are responsible for knowing and complying with the regulations of the University, your college, and the departments offering the courses you are taking, and for fulfilling the requirements for your particular degree. You may obtain the regulations of your college at the college office.

You are expected to conduct yourself at all times in accordance with accepted principles of responsible citizenship and with due regard for the rights of others.

You are advised to obtain a copy of the *Code of Policies and Regulations Applying to All Students*. That publication is available for inspection at college and departmental offices and libraries, at the Illini Union Information Desk, the Student Organizational Complex in the Illini Union, in the lobby of the Turner Student Services Building, and at the Records Service Center, 901 W. Illinois Street. The *Code* is also available on the Web (http://www.uiuc.edu/admin_manual/code).

Notice

The Family Educational Rights and Privacy Act affords students certain rights with regard to their educational records. See http://www.oar.uiuc.edu/records/index.html (Notice of Rights with Respect to Educational Records) for the complete text of the Notification of Rights and page 27 of this document for additional information concerning educational records.

Registration Procedures

1. Registration Time - Invitation to Register

All eligible continuing and re-entry students are assigned a Registration Time, according to priorities established by campus policy. The Registration Time is the first time a student can access **U OF I DIRECT** registration for the term. You will be informed of your Registration Time in your Invitation to Register, mailed to your local address, approximately two weeks before the start of the Registration Period. (If you did not receive this mailing, please go to 901 W. Illinois.) Within each priority grouping, Registration Times are assigned in intervals first by the number of hours earned plus the number of hours (if any) in progress. Further assignment, as necessary, is done randomly by student ID number.

2. Eligibility to Register

In general, students currently enrolled in UIUC degree programs can register early. You may not register early if you are a student newly admitted to a UIUC degree program. Information about your initial registration procedures will be included in your Notice of Admission.

3. Academic Advising and Advising Holds

Academic advising is recommended for all students and is required in most programs. You are encouraged to meet with your adviser to discuss your plan of study before using **U OF I DIRECT** to register. Academic advising for the purpose of course selection on **U OF I DIRECT** is generally available beginning two weeks before the start of the Registration Period and continuing through the three weeks of the Period.

An advising hold may be placed on your record if you are in a college/department in which advising is a mandatory prerequisite to registration. In such cases you must complete an advising session before your college/department will clear you to enroll using **U OF I DIRECT**. For additional information on the advising hold, please contact your college office.

4. Encumbrances

Academic and administrative offices may place encumbrances on your record for academic reasons, funds owed to the University, judicial reasons, and for failure to meet medical/immunization requirements. If you have an encumbrance(s) on your record, resolve it with the appropriate campus office as soon as possible. You will be informed of any encumbrance(s) on your Invitation to Register, on your Official Class Schedule and each time you access **U OF I DIRECT**. An encumbrance will not prohibit you from participating in Registration. You can continue to use the system to make course changes until your Official Class Schedule is mailed to you approximately three weeks prior to the beginning of the term.

After the Official Class Schedule is mailed, however, all encumbered students will be blocked from access to the **U OF I DIRECT** registration sequence. Students will be alerted to the presence of any encumbrance(s) on the Official Class Schedule and directed to the appropriate office(s) to resolve them. **Failure to resolve the encumbrance(s) prior to 5:00 PM of the first day of instruction will result in cancellation of your course registration for the term.**

5. Enrollment Requirements and Prerequisites

Many courses carry prerequisites and other enrollment requirements such as "consent of instructor," "enrollment limited to majors," "seniors only," "honor students," etc. These requirements are listed with each course and many are computer controlled. You are expected to comply with these prerequisites and enrollment requirements. Failure to do so may result in your being removed from the course. Should you have questions regarding these requirements, please contact the teaching department.

6. "Authorization Only" Courses

Some courses require departmental authorization prior to registration. If you are interested in an "authorization only" course listed in the *Timetable* you should consult the teaching department prior to your Registration Time. If you meet the enrollment requirements for the course, the department will authorize you on-line to enroll in the course. You, in turn, must register for the course using **U OF I DIRECT.**

7. Maximum/Minimum Enrollment Levels

The maximum amount of credit in which a student can enroll without special overload approval from his/her college office is:

Fall and Spring Terms	
Undergraduates	18 hours
Graduate, Vet Med, Medicine	5 units (20 hours)
Law	16 hours
Summer Term 1	
Undergraduates	4 hours
Graduate, Vet Med, Medicine	1½ units (6 hours)
Law	6 hours
Summer Term 2	
Undergraduates	9 hours
Graduate, Vet Med, Medicine	3 units (12 hours)
Law	6 hours

Should you wish to enroll above the established maximum, consult your college office.

U OF I DIRECT will display a warning message if you are not enrolled in a full course load for the term. Enrollment below the minimum may jeopardize your financial aid status, progress towards a degree, or visa status if you are an international student. Full-time enrollment for undergraduate students is 3 or more hours, for graduate students, ½ or more units in Term 1. Full-time enrollment for undergraduate students is 6 or more hours, for graduate students, 1½ or more units in Term 2.

Enrollment in Summer Term 1 will not be reported for loan deferments, nor will it print on enrollment verifications.

8. Credit-No Credit

The credit-no credit grading option is designed to encourage students to explore areas of academic interest that they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than applicants whose transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade because they do not know whether the actual grade was a D or F.

Credit-no credit courses are not counted toward the grade-point average, but are included as part of the total credit hours and are assessed as credit hours.

Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC. Grades of C- or better are required to earn credit.

The credit-no credit option is not available on **U OF I DIRECT**. Should you wish to elect this option, please consult your college office.

9. Policy on Intercollege Transfer

An intercollege transfer applicant is one who is currently registered in an undergraduate college at UIUC and who wishes to be considered for admission to another undergraduate college at UIUC. Intercollege transfer applicants are considered on the basis of the intercollege admission requirements of the new college and availability of space in the chosen programs. This policy does not apply to students in the Graduate College, a professional college, or the College of Nursing.

The campus has designated two periods each term for intercollege transfer. They are:

- Two weeks prior to the beginning of the Registration Period for each term. Curriculum changes will not be allowed after registration begins.
- **One week prior to the start of instruction for the term and through the first week of instruction.**

If you intend to apply for intercollege transfer, you should do so within these designated time frames. **Your access to certain courses is dependent upon your college of enrollment.**

10. Student Health Insurance

The University's Board of Trustees requires that all students be covered by a health insurance plan, either the University's Student Health Insurance Plan or a plan determined by the University to be equivalent. Request for exemption from the health insurance fee, purchase of dependent coverage, etc., are limited to specific time periods at the beginning of each semester. See Student Health Insurance Plan section in the* Timetable *for deadline dates and instructions.

How to Use the World Wide Web *Timetable*

The *Timetable* is also on the campus network (UIUCnet), via a service called the "World-Wide Web" (WWW).

The WWW version allows convenient browsing of the *Timetable* with the following advantages:

- The most up-to-date course information: It is updated every night from **U OF I DIRECT** data.
- Cross-referenced information: Every course is linked to more complete course descriptions found in the on-line *Courses* catalog.
- Helpful information: Supplemental information is available, e.g., links to a campus map showing class locations.
- You can search it via an easy-to-use index.

The WWW *Timetable* can be viewed on the network by using a browser program on a PC, Mac, or Unix system. Some common browsers are NCSA Mosaic, Netscape, or Lynx. If you are familiar with using a WWW browser (i.e., if this computer jargon hasn't bewildered you), you may view the *Timetable* using the following URL (the "address" of the *Timetable* on the WWW):

http://www.uiuc.edu/admin_manual/Courses/time.top.html

A document explaining in greater detail how to view the WWW *Timetable* may be obtained at most CCSO locations, including computer sites across campus and the CCSO Resource Center (1420 DCL, 244-1258). Ask for "Using the WWW Timetable on the Campus Network." Consultants in the Resource Center can also help you learn about WWW browsers.

The WWW browsers are available on all CCSO site computers, so you may view the WWW *Timetable* at any CCSO site.

U OF I DIRECT Network ID and Password

To access U OF I DIRECT, you will use your Network ID and password. All UIUC students are assigned a Network ID and password when they are admitted to the University.

As with any computerized system, security of the data is a primary concern. In order to maintain the security of your student records and class schedule, it is imperative that you protect your Network ID and password. NEVER tell anyone your password. NEVER let anyone use your Network ID and password. The importance of your password is much like that of a bank card PIN—ALWAYS protect the privacy and security of your password. You are encouraged to change your password periodically to maintain the security of your Network ID.

You may change your password using a computer at any CCSO site. Staff at these locations can assist you. A document entitled, "Changing Your Network ID and Password" is also available at these sites. It describes the procedure you use to change your password. If you forget your password, you can go to the CCSO Resource Center at 1420 DCL between 8:30 and 5:00 PM, Monday through Friday to have your password reset so you can resume using your network ID. If you have questions or concerns about your Network ID and password, contact the CCSO Resource Center (1420 DCL, 244-1258).

✓ U OF I DIRECT *Registration Checklist*

✓ Have Your U Of I Direct Registration Materials

To register for courses using **U of I Direct** you need:

- **U of I Direct** Schedule Planning Form (located in the back of the *Timetable*)
- Your Network ID and password
- Your Registration Time from your Invitation to Register

If you did not receive your Invitation to Register, contact the Records Service Center, 901 West Illinois Street, 333-6565.

✓ Meet With Your Adviser To Plan Your Program Of Courses (and Alternative Course Selections) For The Term

- Before your Registration Time, meet with your adviser to discuss your program of study for the term.
- Discuss with your adviser alternative course selections in case your first choice offerings are full or unavailable to you.
- Complete the Schedule Planning Form as a guide.

✓ Prepare for Enrollment Restrictions that May Be Placed by Departments

- **Consent Instructor/Authorization Required:**
  If you plan to select courses requiring consent of instructor or departmental approval, contact the department offering the course to obtain permission **PRIOR TO** registering via **U of I Direct**. ***Approval to register in AUTHORIZATION ONLY courses is entered into the U of I Direct system on-line by the department offering the course. You, in turn, must register for the course using U of I Direct.***
- **Independent Study Courses:**
  Independent study courses require the instructor's permission before registering. If you select an independent study course, obtain permission from the instructor **PRIOR TO** registering via **U of I Direct**.
- **Courses with Prerequisites:**
  Many courses have prerequisites. The prerequisites are intended to help you succeed in the course. You are expected to comply with them. You may be removed from a course for failure to comply with the prerequisites.
- **Courses with Restrictions:**
  Some courses have restrictions which limit registration to students meeting certain criteria, e.g., college, curricula, year in school, honors, or placement test scores. Many restrictions are computer controlled. You may be removed from a course if you do not meet the course criteria. Consult the department offering the course if exceptions to these restrictions are required.

✓ Clear Advising Hold and Encumbrances

- If you have an advising hold and/or an encumbrance(s) on your record, that information will appear on your Invitation to Register and in the **U of I Direct** system.
- The advising hold must be cleared on-line by your college or department before you can register using **U of I Direct.**
- An encumbrance should be resolved as soon as possible, but will not block your access to **U of I Direct** registration until after your Official Class Schedule has been mailed to you, approximately three weeks prior to the first day of instruction for the term. **If you have an encumbrance on your record as of 5:00 PM on the first day of instruction, your course registration for the term will be cancelled.**

✓ Use a Computer on Campus (or via Modem) to Register

- With the foregoing steps completed, use your Schedule Planning Form (located in the back of the *Timetable)* as a guide to register in courses via **U of I Direct.** There are multiple points of access to **U of I Direct** conveniently located on campus. Many of these locations are listed in the *Timetable.* Dial-up access via modem is also available.

✓ Register for a Complete Schedule

- You are advised to register for a complete schedule of courses for the term as soon as possible following your Registration Time.
- Although additional seats **may** become available in a **few** courses, and additional sections **may** be added to **some** courses prior to the start of the term, you should **not** delay completing your schedule based on the assumption that seats will eventually become available in courses which have closed.
- Complete a workable course schedule early, even if every course is not your first choice.

✓ Verify Your Addresses

- You are required to provide a local and a home address. If either is blank, **U of I Direct** will require that you provide the addresses before you will be allowed to add courses.
- Make certain that your local, home, and emergency addresses are correct so you don't miss any important information from the University.

✓ Graduate Students: Check Your Appointment

- A graduate student with a teaching or research appointment must choose menu option F from the **U of I Direct** Main Menu. Select the letter that corresponds to the percent time of your appointment to ensure that you receive proper credit for your tuition and service fee waivers.

Registration of Visitors

A visitor is only a listener in a class and may not participate in any class activities. Visitors are not permitted in laboratory, military, kinesiology (other than theory), or studio classes. Students on "dropped" status are not eligible to attend classes as visitors.

To register as a visitor, written approval is required on an official Visitor's Permit available either at the Records Service Center, 901 W. Illinois Street, or at your college office. After obtaining the form, proceed according to one of the following conditions:

- If you are a currently enrolled student: Obtain permission from the instructor of the class and the approval of the dean of your college.
- If you are a former student not currently registered: Obtain the approval from the instructor of the class and the dean of the college in which you were last registered.
- If you have not been previously registered at the University: Obtain the approval from the instructor of the class and the dean of the college in which the course is offered.
- If you are a staff employee of the University: In addition to obtaining other required approvals, you must secure the recommendation of the head of the department or unit in which you work.

Registration Charges, Payments, and Refunds

Waivers and Exemptions

If you receive a **waiver**, you are assessed the amount of the charge but the amount is waived by University policy. Because you were assessed the charge, you are eligible to receive the benefits of the service provided by that charge.

If you are **exempt** from a particular charge, that charge is not assessed and therefore you are not eligible to receive the benefits of the services provided by the charge. If you have an exemption from any charge because you are registered in Credit Range IV, (law students Credit Ranges III& IV) you may obtain the benefits of the service provided by making individual arrangements. (See "Fees and How They Are Determined.")

Tuition and fee waivers are not granted for the Executive MBA or other full-cost programs. Detailed information on tuition and fee waivers and exemptions is presented at the back of this *Timetable*.

If you believe that you qualify for any of the waivers or exemptions, consult the staff at the Records Service Center, 901 W. Illinois Street.

Tuition and Fee Assessments

Tuition rates are determined by the University Board of Trustees. Assessment is based on your college and your class, curriculum of enrollment, your residency classification, and your credit range.

College of Enrollment

Your tuition rate is based in part on whether you are an undergraduate, graduate, or professional student. Among undergraduates in art, architecture, and music, there is a further differential between students in the lower (0-59.9 semester hours) and upper (60 semester hours or more) divisions. Undergraduate nondegree students are assessed at the upper-division rate. All students enrolled in engineering, chemical and life sciences, and art, architecture, and music curricula are assessed a tuition surcharge.

Because the Professional Veterinary Medicine Program requires a full course of study each term, students in that curriculum are assessed a single tuition rate for each of the four years of the program.

Students enrolled in the nursing and medical sciences programs on the Urbana-Champaign campus are assessed tuition at Chicago campus rates. Fees are assessed at UIUC campus rates.

Information about tuition rates for students in twelve-week summer session courses, flight training, study-abroad, Executive MBA, and other special-cost programs may be obtained at the Records Service Center, 901 W. Illinois Street, or by calling (217) 333-0210.

Residence Classification

Another factor in determining your tuition rate is your residence classification (resident or nonresident of Illinois as defined and determined according to regulations approved by the University Board of Trustees). Your classification is based on information you provide on your admission application and other credentials. Residency rules are available on the Web (http://www.uoapa.uillinois.edu/residency.html).

To request a change in your residency classification, obtain a petition at 901 W. Illinois Street. You must submit the petition by June 20. If you fail to submit a petition within the allotted time period, you lose all rights to a change in status and adjustment of your assessed tuition for the term. Telephone (217) 333-0302 for additional information.

Fees and How They are Determined

The fee schedule is fixed by the University Board of Trustees and is calculated on the basis of the number of semester hours or units of credit for which you are registered. Fees to be assessed are:

General Fee: Supports certain fixed costs of fee-supported buildings (IMPE, Ice Arena, Assembly Hall, Illini Union, athletic facilities, etc.) on campus.

Service Fee: Supports salaries, programming, general expenses, and utilities for campus auxiliary service units such as the Illini Union, the Assembly Hall, and Campus Recreation. *(Students exempt from this fee because they are registered in Credit Range IV (law Credit Ranges III and IV) may obtain the services by paying the fee at a cashier's window in 100 Henry Administration Building by 4:00 PM, June 26, 1998.)*

Health Service Fee: Supports salaries, programming, general expenses, and utilities for McKinley Health Center and the Counseling Center. *(Students exempt from this fee because they are registered in Credit Range IV (law Credit Ranges III and IV) may obtain the services by paying the fee at the McKinley Health Center Business Office by 4:00 PM, June 26, 1998.)*

Spring semester coverage of the Health Service Fee extends to the first day of instruction for Summer Term 2. Summer Term 2 coverage extends to the first day of instruction of the fall semester.

Health Insurance Fee: Covers the cost of premiums to the insurance carrier and the cost of administering the program.

Transportation Fee: Supports a campus and community busing plan for students. *(Students exempt from this fee because they are registered in Credit Range IV (law Credit Ranges III and IV) may obtain the services by paying the fee at the Division of Campus Parking by 4:00 PM, June 26, 1998.)*

Krannert Fee: Supports productions at the Krannert Center for the Performing Arts. *(Students exempt from this fee because they are registered in Credit Range IV (law Credit Ranges III and IV) may obtain services by paying the fee at a cashier's window in 100 Henry Administration Building by 4:00 PM, June 26, 1998.)*

Flight Training Fee: Charged each student enrolled in flight training courses in addition to regular tuition and fee registration charges; based on the nature of each course.

SORF: Refundable for Term 2; supports the Student Legal Service and assists in funding programs and/or services of registered student organizations.

The statement also contains the date by which either full payment or the first payment on the installment plan (if approved) must be made. The availability of statements and the payment deadline dates are determined by when you register.

If you clear all encumbrances, and have classes on your record by the end of the first day of instruction, May 18, your Registration Statement of Charges and Aid will be mailed to your local address. Payment will be due by noon May 27. Payment Instructions

- Use the special registration drop boxes to return your payment. Do not use campus mailboxes.
- Allow five days for delivery if you remit by U.S. mail.
- Do not send cash either through the mail or via the drop boxes.
- If paying with a debit card, go to Window A in room 100 Henry Administration Building. **CREDIT CARDS ARE NOT ACCEPTED.**
- If you must pay in cash, pay at a cashier's window in 100 Henry Administration Building.

- ***Where Can I Make Payment?*** If your payment deadline is noon, Wednesday, May 27, for Summer Term 1, and noon, Wednesday, June 24, for Summer Term 2, you may use either U.S. mail or registration drop boxes (not campus mail boxes) to return your statement along with a check or money order in the correct amount. If you must pay in cash, go to a cashier's window in 100 Henry Administration Building.

  Special registration drop boxes for payment of registration charges will be available until noon, Wednesday, May 27, for Term 1 and noon, Wednesday, June 24, for Term 2, at the following locations:

  - Henry Administration Building (east and west entrances)
  - Illini Union (southwest entrance)

- ***Can I Pay by Installment?*** An installment plan for paying tuition and fees and single-student residence hall charges is available to students enrolled on campus. **This privilege is not extended to registration in extramural, correspondence, and summer Term 1 courses, or to students to whom the privilege has been denied.**

  Charges for Term 2 are collected in two installments; the first payable by the due date shown on the original statement, and the remaining installment payable in July.

  A one-time finance charge of 1 percent of the total amount deferred, or $2 (amount subject to change), whichever is greater, is made against accounts being paid under the installment plan. An installment payment of charges becomes delinquent on the first day of the month following the date payment was due. Students with delinquent accounts exceeding the dollar limitation may be denied charging privileges.

  If you either pay your registration charges on the installment plan or make no payment at all and then later either withdraw from the University or reduce your registration to a lower credit range after the established refund deadline date for the semester, you are liable for the full amount of tuition and fees assessed.

- ***What If I Don't Make Payment by the Due Date?*** The due date for payment either in full or by installment is printed on your statement. If you do not make full or first-installment payment by the scheduled due date shown on the statement, you will be assessed a $25 (amount subject to change) registration late payment charge that will be billed to your student account.

  A delinquent service charge of 1½ percent or $2 (amount subject to change), whichever is greater, is added per month to delinquent student accounts. At any point in the semester, a student who has a delinquent account exceeding the dollar limitation may be denied charging privileges. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

  If you are in debt to the University at the end of any term, you may not be permitted to register in the University again. You are not entitled to receive either a diploma or an official transcript of your credits until you have either paid the indebtedness or made suitable arrangements for payment, unless you either have a bankruptcy petition that seeks a discharge of all such indebtedness or all such indebtedness has been discharged.

- ***Special Warnings about Payments.*** A penalty of $15 (amount subject to change) is assessed for each check you present to the University that is returned to the Office of Student Accounts and Cashiers because of insufficient funds or for other reasons. Check cashing privileges may be suspended when more than one check is returned to the University. In most cases, the person who endorses a two-party check is the one liable for any penalties charged if that check is returned.

  Additional penalties, **including dismissal from the University,** may be imposed on students who permit their University accounts to become delinquent or who issue checks that are returned to the University unpaid.

Student Health Insurance Plan

The University provides and administers a health insurance plan which is mandatory for those students who have not provided proof of other equivalent health insurance coverage. The fee for the plan is assessed along with other tuition and fees. Tuition and fee waivers do not apply to the student insurance fee.

Coverage is worldwide and extends, including breaks, from the first day of the semester or summer 2 term to the first day of the following semester or summer 2 term. The insurance plan is independent of McKinley Health Service and benefits are not contingent upon McKinley Health Service referrals. Benefits are detailed in the Student Health Insurance Plan booklet which is a available at the Student Insurance Office at 807 South Wright Street, Suite 480, Champaign, IL 61820; (217) 333-0165. See below for information and instructions regarding fee exemption, dependent coverage, etc.

Summer 2 Term Semester Health Insurance Enrollment Change Period:

All of the following student insurance related activities **must be handled in person** by the student or his/her representative. The student's University student ID card is required. Requests for changes mailed to the Student Insurance Office or included with tuition and fee payments made by mail will be returned without action and could result in missing the deadline.

Health Insurance for Spouse and/or Children

- Must be applied for during change period identified above.
- Dependent coverage becomes effective on the date of application and receipt of premium or the beginning date of the semester for which coverage is being purchased, whichever is later.
- Dependents insured the prior semester will have no lapse in coverage provided the application and premium are received by the last date above.

Coverage Extensions Beyond Last Semester Enrolled and Insured

- Insurance coverage ends on the beginning date of the next semester/summer 2 term, however, it can be extended for the next school period. For example, if you were a student and insured for spring and will not be a student in the summer 2 term, coverage will not continue through the summer unless you elect to purchase a summer extension.
- Extensions for Summer 2 Term may be purchased beginning April 15, 1998, at the Student Insurance Office (807 South Wright Street) through noon, June 23, 1998. Extensions for fall may be purchased from July 15 through Aug 24, 1998, at the Student Insurance Office or August 24 through noon, Sept 11, 1998, at the Student Insurance Service Center (407 Illini Union).
- The premium is payable at time of application.

Exemption from Health Insurance Fee

- Petitions for exemption must be completed in person during the enrollment change period identified above.
- Proof of other insurance must be provided; acceptable proof can be your insurance identification card, a copy of the policy, plan booklet, or notice on company letterhead from the employer or company certifying your coverage.
- An exemption will automatically continue until reinstatement to the plan is requested (see Reinstatement below) or if you do not respond to a periodic request to confirm that you continue to be covered by another health insurance plan.

Reinstatement Conditions

- Apply within 31 days of the loss of other insurance; coverage is guaranteed and will be effective the date of application or date of other coverage termination, whichever is later. Proof of other coverage termination is required.
- Apply more than 31 days after loss of other insurance or if no loss of other coverage has occurred, by providing evidence of good health. If approved, coverage is effective the date of application and will be subject to a pre-existing condition limitation for the first 120 days of coverage.
- A full semester premium is required regardless of effective date.

Dental Insurance Plan for Graduate Students and Assistants

The dental insurance plan for graduate students, graduate assistants, and their dependents is not open for new enrollments during the summer terms. See the Fall 1998 *Timetable* for fall term enrollment information.

Refunds

Reduction of Program Range

If you reduce your course enrollment to a lower assessment range (e.g., from Range I to Range II), you receive a refund of the full difference between the two ranges, provided the change is made by May 20, 1998, for Term 1 and June 23 for Term 2 . No refund is available thereafter. In the case of extenuating circumstances, such as medically documented serious illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student.

In all cases, a student who is enrolled in only one course and who wishes to discontinue enrollment must withdraw from the University by completing the withdrawal process by the stated deadline.

You may be released from your obligation to pay all tuition and fees by canceling your registration by 5:00 PM, Monday, May 18, for Term 1, and 5:00 PM, Monday, June 15, for Term 2.

You may be released from your obligation to pay part of summer terms tuition and fees by:

General Information

Addresses Are Important

Have you moved recently or since you were last enrolled? Be sure to keep the Office of Admissions and Records informed of your current address and telephone number. That way you will not miss receiving important registration, college, and related information.

Each student is responsible for keeping the following addresses current on U OF I DIRECT:

- local address (for mail sent during the term)
- permanent address (for mail sent between terms)
- emergency address

You may also update your telephone information on **U OF I DIRECT.**

Student Records Policy

It is University policy to comply fully with the Family Educational Rights and Privacy Act of 1974 as amended. The University will not disclose information that it maintains as part of its normal course of business without the consent of the student. For complete information concerning record release and student access rights, refer to Rules 60 through 68 in the August 1997 *Code of Policies and Regulations Applying to All Students.* (The *Code* is available on the Web at "http://www.uiuc.edu/admin_manual/code".)

The University has designated certain categories of information as directory information. Students' consent to release this information is implied. A currently enrolled student may instruct the University to withhold one or both categories of directory information by submitting a request form to the Office of Admissions and Records prior to the end of the fifth day of instruction for a term. Regardless of a student's enrollment status, a request to withhold directory information remains in force until the student submits a subsequent request removing the restriction. Forms may be obtained and filed at the Records Service Center, 901 W. Illinois Street.

Personal Information

- The student's name
- Addresses
- Telephone numbers
- Date of birth
- Weight and height, if an athletic team member

Academic Information

- The student's name
- College
- Curriculum and major field of study
- Class level
- Dates of attendance
- Full- or part-time status

If a student has elected to withhold either personal or academic information, the University will respond to inquiries as follows: **"The student has instructed us not to reveal this information."**

If a student has elected to withhold both categories of directory information, the University will respond to inquiries as follow: **"There is no information available for any student by that name."**

Identification Cards

Each student is issued a permanent photo identification card which must be retained by the student while registered at the University. The ID card remains the property of the University, and any student who alters or intentionally mutilates a University ID card, who uses the ID of another, or who allows his or her ID card to be used by another may be subject to discipline. A charge of $20 (amount subject to change) is assessed for replacing each lost, mutilated, confiscated, or stolen photo ID card.

You are required to present your ID card for identification purposes at the request of an agent of the University when the agent is acting in the performance of his or her supervisory or security function (e.g., examination proctor, police officer, residence hall director or adviser, gymnasium supervisor, ticket taker, or usher). You may be subject to discipline if you refuse to provide your University ID card when requested by an agent of the University.

When performing his or her duties, an agent of the University may confiscate your ID card if an individual other than yourself attempts to use the card to represent him/herself as a duly registered student, if the ID card you present is not valid at the time you attempt to represent yourself as a duly registered student, or if the ID card has been reported as lost, stolen, or replaced.

You have the option to use your ID card as a charge card, so it is important that you keep it secure. If you cannot find your ID card, go to the Campus ID Center immediately and complete a Lost/Stolen Property Report. Until then, you may be liable for unauthorized use of your ID card.

Questions regarding the issuance of ID cards may be directed to the Campus ID Center, Room 204 Illini Union Bookstore, 809 South Wright Street, or call 244-0135.

Students with Disabilities

Students with disabilities who have not registered for services with the Division of Rehabilitation Education Services, 1207 S. Oak Street, and who wish to request accommodations for any or all of the classes in which they are registering should contact the coordinator for Student Services with the Division at 333-4602 (voice) or 333-1970 (TTD).

Compliance with State Immunization Law

Each admitted applicant entering the University after July 1, 1989, is subject to the requirements of Illinois Public Act 85-1315, which requires students to provide evidence of immunity to certain vaccine-preventable diseases. All students subject to the provisions of this law have received a copy of the McKinley Health Center Student Health Report Form with their Notice of Admission. Students who fail to return the form by the date shown are encumbered for the next term. Students who fail to comply with state law before the start of the next term are prohibited *by law* from enrolling in that or any subsequent term.

Summer Hour Requirements

Undergraduate students are required to pursue a normal program of study, which varies by college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or his/her designated representative.

For undergraduate, graduate, and professional students, the minimum program required in Summer Term 2 for receipt of maximum educational benefit payments under the Veterans Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 6 semester hours or 1.5 units.

Classification of Students

The Registrar's Office uses only the following definitions in the classification of enrollment:

A graduate student may not be certified as having advanced one year more than once within a twelve-month period.

Transcripts of Courses and Grades

A student in debt to the University is not entitled to receive a diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless the student has pending a bankruptcy petition seeking a discharge of all such indebtedness, or such indebtedness has been discharged.

The charge for an official transcript is $5 per copy (amount subject to change). The charge for a written certification of enrollment or other data is $4 per copy. The charge for additional copies *ordered at the same time and sent to the same address or picked up* is $2 per copy.

Transcripts may not be ordered by telephone. Undergraduate Admissions—Terms 1 and 2

Admission as a Continuing Undergraduate Student

- If you are an undergraduate student enrolled at the University of Illinois at Urbana-Champaign, and are eligible to continue in the same college, you need not apply for admission to either Term 1 or Term 2.
- If you are an undergraduate student enrolled at the University of Illinois at Urbana-Champaign, were dropped for academic reasons at the end of the 1998 spring semester, and desire to continue in the 1998 summer session only as a nondegree student, you need to submit a petition for enrollment to the dean of the summer session. If you wish to be reinstated in a degree program for the 1998 fall semester, you must petition the college of desired enrollment. No application will be necessary.
- If you are an undergraduate student dropped for academic reasons at the end of the 1998 spring semester and seek reinstatement to the same or a different college for the 1998 summer session, you must file a petition for reinstatement with the dean of the college in which you desire to enroll; if reinstated, successful completion of the summer session will allow you to continue in the 1998 fall semester.

Admission as a New Nondegree Student

Your application for admission as a nondegree student for either Term 1 or Term 2 should be submitted to the Office of Admissions and Records as soon as possible after February 1.

You may apply for admission to either Term 1 or Term 2 by submitting an *Undergraduate Nondegree Application for Admission* under one of the two following options:

- If you submit the required credentials, you may be approved for admission as a nondegree student in one of the undergraduate colleges. Successful completion of the summer session will permit your continued enrollment as a nondegree student in that college for the fall semester, subject to regular nondegree enrollment restrictions. Enrollment for nondegree students in the continuous enrollment pattern is limited. University employees and residents of the community who wish to enroll in courses that are offered only at the University are given continuous nondegree admission priority. **For this option it is important that you apply by April 30.**
- You may be considered for "summer session only." Admission as a nondegree student for "summer session only" does not permit enrollment for fall or spring semesters without submission of a new application for admission. You may enroll for future summer terms as a nondegree student by using the **U of I Direct** registration system through your final authorized term assigned at the time of your initial admission.

To be considered for degree-status enrollment, nondegree-status students must apply for admission.

An applicant who desires to take any 300-level course for graduate credit or any 400-level course must apply for graduate nondegree status, regardless of the level of other courses in which the applicant desires to enroll. A graduate applicant should complete the Application for Admission to the Graduate College and Application for Graduate Appointment form. See the Graduate Admissions section of this *Timetable*.

The same grading system is applicable to nondegree and degree status students. Credit earned on nondegree status will not be applicable to a degree at the University of Illinois at Urbana-Champaign except by subsequent admission to degree status and, at the graduate and professional levels, successful petition for application of such credit to the degree.

Admission as a Degree Candidate

If you are a beginning freshman, or transfer applicant who wishes to be admitted to Term 1 or Term 2 and continue as a degree candidate in the 1998 fall semester, you must meet the same admission requirements as a student applying as a degree candidate for fall semester 1998. You should be aware that for most fall terms admission spaces have been filled far in advance of the summer-session-only application deadline. Application materials and information on programs open for fall admission can be obtained from the Office of Admissions and Records, either in person, or by writing to the Office of Admissions and Records, 901 W. Illinois Street, Urbana, IL 61801, or by calling (217) 333-0302. Be sure to indicate on the application form that you are applying for admission in June to continue in the fall.

Detailed admission requirements and application procedures for all undergraduates are contained in the publication *1998 Undergraduate Admissions Information* included in each application packet.

If you apply and are approved for admission for summer-to-continue-in-the-fall, you will receive a Notice of Admission that is valid for the summer and fall sessions. Should you subsequently decide not to enter in June, but still desire to register in the fall, the same Notice of Admission is valid. If approved for fall semester 1998 admission, you may register for the summer session by

advising the Director of Admissions and Records of your intention no later than May 11, 1998; your Notice of Admission will be changed from fall to summer-to-continue-in-the-fall.

Re-Entry as a Degree Candidate

Former students should contact the college in which they wish to enroll to obtain their Registration Time and an extension of the final authorized term if necessary. Students on "academic drop" status when they left the Urbana-Champaign campus must petition for re-entry to the University in either their former college or another college at the Urbana-Champaign campus.

Graduate Admission to Term 2

Application Information

Applications for graduate admission may be obtained from your intended department. For information, and to obtain the address and telephone number of your intended department, visit, write or telephone the Office of Admissions and Records, Graduate Admissions, 901 W. Illinois Street, Urbana, Illinois 61801, (217) 333-0302. Our graduate and professional admissions contact list is available on the Web (http://gradprof.oar.uiuc.edu/query/contacts.html).

If you have not been previously registered in the Graduate College, you must file an application for admission with the Office of Admissions and Records. The application must be accompanied by a nonrefundable application fee of $40 ($50 for international applicants). Applicants wishing to be admitted either as candidates for degrees or as nondegree students within a department must provide official transcripts of all previous college study except studies taken at the Urbana-Champaign campus.

Your application for admission as either a degree candidate or for nondegree status within a department must be received by the Office of Admissions and Records no later than May 26, 1998. Applications for admission as an unassigned student in the Graduate College for the 1998 Term 2 will be accepted through June 12, 1998. Call your intended department for details.

Admission as a Graduate Nondegree Student

You may be admitted as a nondegree graduate student for Term 2 under one of the following plans:

- If you submit the required credentials by May 26, 1998, you may be approved for admission as a nondegree student in one of the graduate departments. Such admission, accompanied by successful completion of the summer session, will permit your continued enrollment as a nondegree student in that department for either the 1998 fall semester under the continuous-enrollment pattern, or the 1999 summer session under the summer-session-only pattern if the conditions for the pattern are met.
- You may be admitted to the Graduate College (no specific department) as an unassigned student for the 1998 "summer session only" by submitting an application and some certification that a bachelor's degree has been earned. Applications for admission as an unassigned student in the Graduate College for the 1998 summer term will be accepted through June 12, 1998. Admission as an unassigned student will not allow enrollment in either the 1998 fall or the 1999 spring semesters, but registration in the 1999 summer session will be allowed without reapplication.

All nondegree students are required to apply for admission should they wish to become degree candidates.

Admission as a Graduate Degree Candidate

Deadline for receipt of application: Monday, May 25, 1998

Admission of Former Graduate Students

If you are a continuing degree graduate student who did not register in the 1998 spring semester and are returning to your former department or area of study prior to the expiration of your final authorized term of enrollment, you need only contact your former department for an earliest enrollment time.

An extramural student who has been admitted to the Graduate College with degree status and who has not exercised the campus enrollment option may register on campus without applying for admission. You must contact the Office of Admissions and Records to have an on-campus term authorization created.

A student previously enrolled in extramural courses who has not been admitted to the Graduate College with degree or nondegree status in conjunction with that extramural enrollment must apply for admission. Application procedures are the same as for new students.

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed for freshmen and sophomores) are numbered 100 to 199; for advanced undergraduates (designed for juniors and seniors), 200 to 299; for advanced undergraduates and graduates (junior, senior, or graduate standing required), 300 to 399; for graduates, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, 8-9:50 MTUWTH indicates that class periods begin at 8:00 AM and continue for approximately two hours on Monday, Tuesday, Wednesday, and Thursday; 11 - 1220 TUTH means that class periods begin at 11:00 AM and continue for eighty minutes on Tuesday and Thursday. Any class beginning after 6:00 PM is indicated by the letters PM. For example, 730-920PM indicates that the class period begins at 7:30 PM and continues until approximately 9:20 PM.

Class Locations

The place of meeting of each class is shown by the number of the room and the name of the building. A listing of the building abbreviations may be found in this *Timetable*.

Credit

Credit for undergraduate students is counted in semester hours. A semester hour is one class period a week for one semester or the equivalent in laboratory work, fieldwork, or approved independent study. The number of hours for which each course counts is shown under the course.

Credit for graduate students is counted in units. A 1-unit course requires ten hours each week throughout a semester, irrespective of the distribution of that time in class work, laboratory work or fieldwork, and private study. Four such courses or their equivalent constitute a student's normal program for one semester. The unit value of each graduate course is indicated under the course. No course may be taken for graduate credit unless it is so designated in this *Timetable* or the online *Timetable*. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or 1/2 to 2 units; in registering for a course with variable credit on U of I Direct, each student indicates the number of hours or units for which he or she intends to take the course.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Approval of the Graduate College must be obtained for the registration of undergraduate students in 400-level courses for semester hour or unit credit. Courses are current as of Feb 20, 1998.

The following list of courses is substantially correct; however, some errors and omissions might exist. Please refer to the main body of the *Timetable* and to the online *Timetable* for current information.

MATH

July 18–August 8

The School of Life Sciences (SOLS) at the University of Illinois at Urbana-Champaign, with funding from the Howard Hughes Medical Institute, offers an opportunity to incoming freshmen majoring in the Life Sciences to participate in ***CALCPRIME***—the SOLS/Department of Mathematics/Hughes three (3) week summer program for UIUC SOLS students. Upon successful completion of this summer prefreshmen calculus program, incoming freshmen will be enrolled in a Math 120/BioCalc section with their peers, instead of taking Math 116. This has the major advantage of allowing each student to enroll in biology courses on schedule and in sequence along with their classmates. In addition to qualifying students for the Math 120/BioCalc course, CALCPRIME offers seminars, workshops, and tours. To qualify for CALCPRIME, a student must be enrolled in a life sciences curriculum and not have achieved placement in a Math 120 (or higher) course for the fall 1998 semester. Application deadline: Friday, June 5, 1998. Enrollment is limited to 30 students. Students will be in class from 9:00 a.m.-11:30 a.m. and 1:00 p.m.-3:00 p.m. daily; students are required to attend all class periods. Special tutoring sessions will be arranged as needed. Students are required to live in the housing provided by CALCPRIME, may not enroll in any other courses nor work, either part-time or full-time, while in CALCPRIME. Students are also required to participate in all of the other CALCPRIME activities (e.g., orientation meeting, seminars, workshops, tours) scheduled during the week and on the weekends. (No credit) Cost: All costs except food and health insurance—including teachers, books, housing, and live-in counselors at the housing unit—are paid by CALCPRIME.

THEATRE

June 19–August 22

Illinois Repertory Theatre is pleased to continue its popular summer repertory season by presenting three highly entertaining productions by playwrights acclaimed as among the theatre's very best writers of comedy and suspense. *Wait Until Dark* by Frederick Knott was first presented at the Ethel Barrymore Theatre in New York City in 1966. Since that time, this spine chilling thriller has delighted audiences everywhere. Currently being remounted for Broadway, it is a story of a young blind woman who falls prey to three evil scoundrels who will stop at nothing short of murder in their attempt to retrieve a doll they believe to be hidden in the woman's apartment. *The Nerd*, by Larry Shue, is a side splitting comedy that was a huge hit on Broadway. The action centers on the hilarious dilemma of a young architect who is visited by a man he's never met but who saved his life in Vietnam. The visitor turns out to be a incredibly inept, honestly stupid "nerd" who outstays his welcome with a vengeance. Rounding out the season is Ken

Ludwig's backstage farce *Moon Over Buffalo*, which recently brought Carol Burnett back to Broadway in the starring role. The play revolves around an acting couple who are on tour in Buffalo in 1953. Fate has given these thespians one more shot at stardom and film director Frank Capra himself is en route to Buffalo to catch their matinee performance. Before Capra arrives, chaos ensues. One madcap misadventure follows another until the characters are in a state of wild confusion and outrageous turmoil. These delightful antics made this play one of the most successful Broadway comedies in recent years. Tickets will be available in May. (No credit) Cost: Varies.

Final Examination Policy, Term 1

Instructors have the option of scheduling final examinations for Term 1 courses on the final day of class or on the day following the last day of instruction for that course. If final examinations are held on the day following the last day of instruction, departments must confirm space availability for the desired examination by calling the Office for Project Planning and Facility Management, 333-1230.

Final Examination Schedule for 1998 Term 2 Eight-week Courses [1]

Friday, August 7, through Saturday, August 8, 1998

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of final examinations and work requirements. All regulations governing final examinations will be applied in the context that an individual student's religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such an appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

A final examination must be given during the scheduled final examination period for each course except in a course that has a character that renders a final examination unnecessary or impracticable. The head or chair of the academic department in which the course is offered determines when a final examination is not required.

Time of Examination

Examinations will be offered from 8:00-10:00 AM; 10:30 AM-12:30 PM; 1:00-3:00 PM; 3:30-5:30 PM; and 7:00-9:00 PM (see chart on next page). It is hoped this will provide a respite for students scheduled to take examinations during consecutive periods.

An instructor must give a final examination at the time specified in the published schedule unless a change is approved in advance through the Office of the Vice-Chancellor for Academic Affairs. A request for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. **Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.**

A request for change in the examination schedule will not be considered for approval unless the instructor

- has polled the class to determine that an alternative date is desired by a majority of the class members, and
- also offers the examination at the regularly scheduled time if some choose not to take it at the alternate time, and,
- has contacted the Office for Project Planning and Facility Management (244-9851) and has assurance that space is available in which to give the examination at an alternate time, if approved.

No final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

[1] An examination for a first half-term course should be scheduled at the end of the first half-term period; second half-term final examinations follow the schedule shown on the next page. If a first half-term examination is not scheduled in the regular classroom at the time the class usually meets, a special examination room must be reserved through the Office for Project Planning and Facility Management, 333-1230.

NOTE:

Undergraduate Students: Except as provided for a request based on religious beliefs, observances, and practices, only the dean of a student's college may approve temporary postponement of the final examination for an individual undergraduate student.

Graduate Students: A student's instructor is authorized to approve a request for postponement of the final examination for an individual graduate student.

Place of Examination

The room to be used for a final examination will normally be the same room in which the class usually meets if

- the course meets on a regular sequence; and
- the examination is given at the time specified in the official examination schedule.

The instructor is to announce the room for the final examination to students.

In late June, the Office for Project Planning and Facility Management will send a form to all departments offering final examinations. Confirmation letters will be sent to departments requesting classrooms.

Departments with eight-week courses meeting only one day a week for one or more hours must contact the Office for Project Planning and Facility Management (244-9851) to determine the availability of a room. In addition, departments with courses meeting at noon or 12:30 PM must confirm space availability for the desired examination times by calling 244-9851.

Length of Examination

The lengths of Term 2 final examinations—except by special arrangement in individual cases approved by the dean of the appropriate college—are:

- courses meeting one, two, or three days a week ..... one or two hours
- courses meeting four, five, or six days a week ..... two hours

A final examination for a course meeting for more than one hour in each session on two or three days a week is normally two hours in length.

Take-Home Final Examination

If a take-home final examination is assigned, it is to be submitted at the time and date of the regularly scheduled final examination. If instructors wish to depart from this practice, they must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Evening Examinations

An evening final examination is authorized only for a class meeting regularly during Term 2 at 7:00 or 7:30 AM or after 4:30 PM; the evening hours for such examinations are specified in the official examination schedule. If feasible, the instructor of a course meeting at noon or 12:30 PM may use the evening period, but must reserve space through the Office for Project Planning and Facility Management, 244-9851.

Conflicts

- Certain professional examinations (e.g., national actuarial, state CPA, and the Architect Registration Examination) take priority over campus final examinations. An instructor must offer a makeup examination to a student who is scheduled to take one of these examinations and a campus final examination at the same time.
- A noncombined course examination has precedence over a combined-sections and a conflict examination.
- A combined-sections course examination has precedence over a conflict examination.
- A conflict not resolved by the above order of preference must be resolved by the instructor of the course having the larger enrollment, provided he or she is informed of the conflict by the

student no later than the last official day of instruction in Term 2 (August 5).

- Departments offering combined-sections examinations must provide conflict examinations if needed to accommodate student conflicts.

Students Having More Than Two Consecutive Final Examinations

No student is required to take more than two consecutive final examinations. This means that if you take final examinations at 8:00 AM and 10:30 AM on the same day, you are not required to take another examination scheduled for 1:00 PM that day; likewise, if you take examinations at 3:30 and 7:00 PM on Friday, you are not required to take another examination at 8:00 AM on Saturday. If you have more than two consecutive final examinations scheduled, you are entitled to rescheduling if you take the following actions *no later than the last official day of instruction in the term.*

- You must investigate whether a conflict examination is being held at another time for any of the examinations involved.
- If a conflict examination has been scheduled for any of the courses, you must take one or more of these conflict examinations.
- If no conflict examinations have been scheduled, you should contact the instructor of the course having the largest number of students. That instructor MUST provide a makeup examination. Remember, you must initiate contact with the instructor involved no later than the last day of instruction in Term 2 (August 5).

Discipline for Violations of Academic Integrity

Rule 33 of the August 1997 *Code of Policies and Regulations Applying to all Students* covers procedures to be followed in cases of alleged cheating on final examinations. The code is available on the web (http://www.uiuc.edu/admin_manual/code).
